

TECHNICAL DATA SHEET

DECKING CLEANER

Issue2 - October 2015

- Description:** Cromar Decking Cleaner is specially formulated to clean and revive weathered or tired timber decking prior to re-treatment with Decking Oil. The fast acting formula removes moss, mould and algae whilst also brightening the wood and restoring it to its natural appearance. Cromar Decking Cleaner is ideal for use prior to treatment with Cromar Decking Oil, opening the pores of the wood allowing maximum adhesion of the coating and a longer lasting finish. Cromar Decking Cleaner can be used on all types of decking, bare or treated as part of a maintenance programme. It can also be used on sheds, fences and wooden garden furniture.
- Preparation and Application:** Remove loose dirt and accumulations of algae and moss with a stiff brush. Decking Cleaner is supplied ready to use and does not require diluting. Pour onto the decking and immediately scrub into the surface with a stiff brush. Leave for 15 minutes. Wash off any residue thoroughly with water whilst brushing. Use of a pressure washer will give the best results. The decking must be allowed to dry thoroughly before any further treatment is applied. At least two days should be allowed unless the weather is very hot and dry.
- Packaging:** 5 and 25 Litre.
- Important:** Due to ageing and natural weathering, surfaces may not return to a newly laid appearance. Stains caused by oil and grease may not be completely removed. The green tint found in some pressure-treated timber will not be removed.
- Caution:** Surfaces may become slippery during cleaning and suitable footwear should be worn. Protect adjacent surfaces, if contamination occurs wash affected areas thoroughly with water. A test patch is recommended in an inconspicuous area before full treatment is carried out.
- Coverage:** Approximately 4-5m² per litre depending upon the porosity of the surface to be cleaned.
- After Use:** Clean all brushes thoroughly with water immediately after use.
- Storage:** Ensure container is resealed after opening and store upright in cool, dry conditions. Protect from frost.
- Health and Safety:** Please refer to the Health and Safety Data Sheet on Decking Cleaner.

Further Information:

In the event of further queries or problems concerning the use of this product, please contact the address below, or e-mail info@cromar.uk.com.

All products should be sold in accordance with the manufacturer's instructions. The manufacturer cannot be held responsible where conditions of use are beyond our control. Cromar Building Products Limited products are available for sale in accordance with Cromar Building Products Limited standard conditions of sale, which is available upon request. Whilst any information contained herein is to the best of our knowledge true and accurate, no warranty is given or implied in connection with any recommendations, agents, or distributors, as the conditions of use and any labour involved are beyond our control. Our warranty is therefore limited to the quality of supplied product.
