

TECHNICAL DATA SHEET

MOSS & MOULD REMOVER

Issue 5 – August 2014

- Description:** Moss & Mould Remover kills lichen, moss and similar vegetation providing growth free surfaces. It is used to remove growth on roofs, walls and other external surfaces prior to treatment with surface finishes.
- Application:** Apply by brush or low pressure spray and leave for approximately one hour. Clean the surface using a stiff bristled brush to remove any loose debris and apply a second coat if any growth remains and leave for at least 24 hours. Clean again and wash down, taking care to remove any white deposit, which may have formed. A trial area should be coated to assess the dosage. Do not apply in wet weather.
- Colour:** Clear
- Coverage Rate:** 4-6m²/litre/coat
- Container Sizes:** 1, 2.5, 5 + 25 litres
- Storage:** After use, replace can firmly and shake to ensure an airtight seal is obtained. Containers must be kept sealed and stored under cover away from sources of ignition at temperatures between 8°C and 25°C. Protect from Frost.
- Shelf Life:** 2 years under good storage conditions in original, unopened containers.
- Cleaning of Tools:** Clean immediately after use with clean water.
- Disposal of Containers:** Do not leave empty containers on site where residue could be a hazard to children, animals or the environment. Replace lids and remove to a central disposal point.
- Health & Safety:** Please refer to health and safety data sheet on Moss & Mould Remover
