

TECHNICAL DATASHEET

Glass Cleaner

Description & Uses

AlphaChem Glass Cleaner is a powerful liquid formula designed for easy removal of contaminants on most types of glass, mirrors, plastic and hard surfaces (such as chrome and laminates). It provides a smear and static free clean while removing grime, oily deposits, dust, finger marks, atmospheric grime and nicotine.

Directions

- Lightly spray 15 – 20cm away from the surface to be cleaned.
- Wipe over using a clean lint free cloth, then buff to a sparkling clear finish.
- A second application may be required for heavily soiled surfaces.

Storage

Store upright in cool, dry conditions, ideally between +5°C & +25°C.

Shelf Life

24 months when stored in original, unopened packaging.

Limitations

- A compatibility test is recommended on a hidden area of the surface prior to full scale application.
- As the manufacturer cannot know all the uses its products may be put to, it is the user's responsibility to determine suitability of use.
- Read the label prior to use for health and safety information, read the safety data sheet for more detailed health, safety and environmental information.

Technical Data

State	Liquid
Colour	Blue
Odour	Perceptible odour
Evaporation Rate	Negligible
Oxidising	Non oxidising (by EC criteria)
Solubility in H²O	Soluble
Boiling Point	100°C
Flash Point	60-93
Relative Density	0.922 @ 24C
