

# TECHNICAL DATA SHEET

## FENCETREAT

Issue 5 – August 2014

**Description:** Cromar Fencetreat is a water based decorative timber treatment that brings to life the colour of new or previously treated timber. For use on sheds, gates, fences and timber posts. The product is harmless to both animal and plant life. Fencetreat is available in Dark Brown, Light Brown, Red Cedar, Green and Blue.

**Method of Application:** By Brush

**Container Sizes:** 5 litres

**Coverage Rates:** Approximately 5 sqm/litre per coat depending on the type and condition of wood.

**Application Instructions:** Prior to application, ensure that all surfaces are clean, dry and free from dust, algae and organic growth. It must be ensured that the contents of the container are thoroughly mixed. In order to ensure the finished colour meets your satisfaction, it is advisable to carry out a trial application. Apply by brush, ensuring the timber is completely coated in a uniform application. A second coat can be applied, if deeper colour intensity is required. Not suitable for use on Planed Factory Treated Timber or Tongue and Groove Cladding.

Depending on weather conditions, drying times will vary. However, the product should NOT be applied when frost or rain are imminent.

**Cleaning Tools:** Brushes can be cleaned by rinsing immediately after use under clean running water.

**Health & Safety:** Please refer to Health and Safety Data Sheet on Cromar Fencetreat.
